VON EVMAN ROTTWEILERS PO Box 598, Land O Lakes, Florida, 34639 (813) 996-5012

The STUD fee for Jockey's semen is \$2500.00 to be paid before the semen is shipped to the suggested location. Only one bitch is used with the shipping of this semen. If it is used on more than one bitch, a stud service is to be given for each bitch. The purchase of the semen is NO WAY REFUNDABLE. There is no guarantee on frozen semen. If the bitch does not conceive with frozen semen it is because of the female having difficulty or the timing was not right. That is why a competent Reproductive Veterinarian is recommended to perform the insemination.

Von Evman is limited on the amount of frozen semen collected from Jockey. We will therefore release enough straws recommended by the storage Veterinarian per stud service. All transportation charges and Veterinary expenses will be the responsibility of the owner of the bitch. Pedigrees, photographs, and promotional materials of Jockey will be available to download from our website. The owner of the bitch is responsible for all the vet bills insemination and the expenses for the semen shipment to the appropriate location. We request for the veterinarian to do vaginal cytology, progesterone, and LH test on your female. These tests can be acquired by your Veterinarian. Multiple progesterone and LH tests must be done on the female in order for the female to conceive with frozen semen.

The owner of the bitch warrants that his/her bitch has not been exposed to any stud dog prior to her insemination and that he will protect her from exposure through her heat cycle.

The owner of the bitch hereby releases from responsibility Eve's Garden Inc. D/B/A/ Von Evman Rottweilers, Evie Lynn or its officers from any and all liabilities and/or damages to said bitch or semen while this breeding is taking place.
